

# EMS IC BRIDGE COURSE

**Friday, April 1, 2022, 0930-1630**

**Location: Online synchronous**

*The Vermont EMS IC Bridge Course is intended for licensed providers in good standing who have taken one of the following courses:*

Public Safety Instructor course (>40 hours), NAEMSE Instructor Course. Or has earned an Education Degree (Bachelor or Higher) or is Currenting Licensed as a VT State Teacher's.

The 1-day (approx. 6 hour) course will be conducted virtually. This will be an interactive course, candidates are expected to participate in the discussions, with camera on, and each participant will be required to present during the day on a topic of their choice as part of the Program.

There is a required Assessment of Prior Learning as part of entrance into the course.

## **To Apply for the Course:**

Apply on the LIGHTS course #

22-00-I/C Bridge-002

- ✓ Upload documentation of successfully completed educational program
- ✓ Summary of current relevant instructional experience
- ✓ Written recommendation of sponsorship from your EMS District (chair or training officer), DMA, educational facility, Instructor Coordinator, or your head of service.

## **What to Expect:**

Pre-Class Schedule

- Prior learning assessment- **70% or** better for course enrollment
- Presentation Prep

Post class requirement:

- Field time in a class with another IC.

Note: the first EMS licensure course(s) instructed by a newly licensed EMS IC will be conducted under the mentorship of an approved IC.

**Additional information available on the LIGHTS course listing or by emailing**
